Saucony	Triumph Ride	Hurricane Guide Omni - Ultimate Omni - Moderate (w)			Omni Walker

(w) Available in widths.

Neutral - for an underpronator. No medial posting.

Stability - for mild to moderate pronation. Medial posting using different midsole densities or an external thermal plastic support.

Motion Control - for moderate to severe overpronation. Firmer medial posting, thermal plastic support, straighter last, wider base of support.

Lightweight - considered a second shoe; also used for race walking.
